Meet the winners of the 2011 Down Under Awards

All the votes are counted, and we are pleased to announce the winners of the inaugural [Down Under Awards](#) for 2011. Over 5,000 votes were cast, making these the biggest awards for travel and emigration to Australia and New Zealand.

There were thirteen categories in total, rewarding excellence across a range of disciplines.

Voters comprised the readers of Australia & New Zealand Magazine, and visitors to some of the UK's biggest websites for downunder – www.getmedownunder.com, www.australiamagazine.co.uk and www.workingdownunder.co.uk, who nominated their favourites and then voted for them. Nominees included some of the biggest names in the industry, including British Airways, and some of the most iconic destinations in Australasia, such as Australia's Great Barrier Reef.

The winners of the awards received their trophies at a ceremony in London on the 16th September.
